Cleaning & Maintenance:

This is a disposable item so no cleaning nor maintenance is required.

Special Instructions:

All respiratory selection should be read in conjunction with BS EN 529:2005 "Respiratory Protective devices – Recommendations for selection, use, care and maintenance".

Do not use these respirators or enter in area where:

The Oxygen concentration is not known or is less than 19.5%.

Contaminants or their concentrations are unknown or are known to be immediately dangerous to life or health.

Particulate concentrations exceed levels fixed by the applicable health and safety regulations or protection factor 12.5 NPF whichever is lower.

Gases and/or vapours are present except for respirators designated as protecting against vapours, in which case vapour concentrations should not exceed 12.5 NPF.
